

Introduction Letter

Dear Valued Client,

We would like to take this opportunity to formally inform you of an exciting development within our business.

Screen Products has been established as a standalone company, branching off from Tegman to focus exclusively on the Screening Media division.

This strategic decision allows both companies to sharpen their core focus and better serve their respective markets.

As part of this transition, Tegman has introduced and continues to expand an extensive product line across its broader industrial and materials handling offerings.

At the same time, Screen Products has taken over the complete Screening Media division from Tegman and will operate as a dedicated specialist in this field.

Importantly, Screen Products has retained the experienced Tegman screening media team you have come to know and trust.

In addition, we have strengthened our structure by incorporating a team of industry-specific specialists.

This ensures continuity in service, technical expertise, and customer support — while enhancing our ability to provide innovative, efficient, and tailored screening solutions.

Our focused product and service offering includes:

- Screening Media (Woven Wire Screens and related products)
- Eazi Flow Screening Solutions / or Flex-Mats
- Tension Bolt Assemblies
- Hook Bolts
- Customised Product Training
- Plant Surveys
- Installation Services

By concentrating purely on screening media, Screen Products is positioned to deliver improved response times, deeper technical insight, and ongoing product development specifically aligned to your operational needs. Our goal is to not only supply quality products, but to partner with you in improving plant efficiency, reducing downtime, and optimising screening performance.

We remain fully committed to maintaining the strong relationships built over the years and look forward to continuing to support your operations under the Screen Products banner.

Should you have any questions regarding this transition, please do not hesitate to contact us.

We appreciate your continued support and look forward to this new chapter together.

Signed

Derrick Cochrane
CEO - Tegman / Operations Director - ScreenProducts

Jason Kinnear
Technical Director – ScreenProducts
